**Subject:** French scholarships

Hi,

As the person in charge of academic and scientific cooperation between Greece and France at the French Institute in Thessaloniki, I am writing you today to forward you some informations about French scholarships that your students might benefit from.

**Aix-Marseille Université**

Please find enclosed English informations about this **scholarship** from **Aix-Marseille Université** and on the link below:

<https://campusbourses.campusfrance.org/#/program/1466>

These Excellence scholarships cover:

10,000€ / year renewable up to 2 years (provided criteria for renewal are met)  
guaranteed residence accommodation (provided student apply by the residence application deadline)  
individual settling services upon arrival in France

The subject areas are the following: Architecture - Urban and Regional Planning; Biology; Chemistry; Environment; Computer Science; Mathematics; Physical Sciences; Health - Community Services; Engineering; Humanities - Social Sciences.

Candidates can apply before the 30th of June. Would you please inform the students about this opportunity?

## Université Bretagne Sud

We invite you to consider the Erasmus Mundus Master "Cyberus", related to cyber security offered by Université Bretagne Sud in France from September 2022. You can find some informations on the website [here](#).

Taught in English, this master's degree is aimed at students from all countries who have graduated or are in the process of graduating with a bachelor's degree in computer science or electronics and who wish to become high-level experts in cyber security.

It offers exceptional study conditions: no tuition fees for most students, health coverage for all, a monthly scholarship of 1,400€/month for the best students, a willingness to open up to young women, a winter school in Estonia, international mobility between France and Luxembourg or Belgium, and a 5-month internship at the end of the master's program in an accredited institution anywhere in the world.

Applications are possible until April 24, 2022. We invite you to inform widely the candidates interested in this theme of this new training offer.

Feel free to contact me for any further details.

Thank you for your consideration.

Best regards,

**Carole PERRETTO**

Chargée de mission Coopération universitaire et scientifique, Institut français de Thessalonique

**Καρόλ ΠΕΡΕΤΟ**

Πανεπιστημιακή και επιστημονική συνεργασία, Γαλλικό Ινστιτούτο Θεσσαλονίκης

Adresse : Leoforos Stratou 2A, 54640, Thessalonique, Grèce

“ Aix Marseille university (AMU) is a multidisciplinary research-intensive university. Continually seeking to improve its practices, AMU has taken up the challenge of interdisciplinarity and has created 18 Institutes, showcases of excellence in research and training. With the support of its laboratories, faculties and schools, local and international socio-economic partners, these Institutes provide a new and inspiring learning potential. ”

Aix-Marseille Université est une université pluridisciplinaire de recherche intensive. Elle veille à moderniser sans cesse ses pratiques et a fait le pari de l'interdisciplinarité en créant 18 Instituts d'établissement. En s'appuyant sur ses laboratoires, ses facultés et écoles, ainsi que sur ses partenaires socio-économiques locaux et internationaux, les Instituts d'établissements offrent aux étudiants de nouveaux apprentissages et potentiels d'innovation.
